LOUISIANA.

Packard Stubbornly "Holds the Fort."

His Adherents Still Deserting.

The President's Order Withdrawing the Troops.

Packard will Hold the Fort.

NEW ORLEANS, April 20.—Packard declares his intention of holding his ground, even if the legislature left him, and would maintain his claims until deposed by force, or till the President declined to recognize him.

Situation Unchanged.

COLUMBIA, April 20.—The absence of Gov. Hampton leaves the situation unchanged from yesterday.

Statement of the Packard Legislature.

NEW ORLEANS, April 20.—The Packard legislature met in caucus to-night and adopted the following statement as expressing their view of the present condition of affairs in this State:

First—They have unalterable faith in the legality and justice of the claims of S. B. Packard, and the government of which he is head to be the legal government of the State of Louisiana legally returned, legally installed and legally embodying the will of the majority of the people.

Second—That the disintegration of the legal general assembly meeting in the State house, and acknowledging the authority of Gov. Packard, recently witnessed, has been brought about by the direct agency of gentlemen, citizens of other States, sent here by the President with instructions, which have only been partially made known, and motives which can only be inferentially arrived at by the action of said commission, their expressed opinions and the agencies they have employed. Chief amongst these we numerate the following: On the evening of Tuesday, 17th day of April, on which day the pretended House of Representatives supporting the claims of Nicholls to the Governorship was without the semblance of a legal quorum, as it has continuously been since its organization, certain members of the commission appointed by the President requested consultation with members of the general assembly, some 12 members of the Senate responded to this invitation to them. Members of the commission, known as belonging to the Republican party, stated that the terms offered by the Nicholls legislature, which included the seating of three Democratic members from the city of New Orleans who were notoriously defeated, even according to Democratic claims, but the recognition of whom was requisite to give even a show of legality to the organization of the Nicholls House, were the best and only terms that could be procured. They distinctly recommended the Republicans assembled by their invitation to accept these terms, and Mr. McVeigh, one of the members of the commission, whilst refraining from openly endorsing the proposition, emphasized with this remark: "If there is any member of the legislature who entertains the most lingering idea that the troops are going to remain, for God's sake disabuse him of that idea, for they are going to be removed forthwith," that, as a direct result of this intimation and implied threat of the President's commission, several members of the legislature went over to Gen. Nicholls.

Fifth—We therefore charge upon these gentlemen, as they assert they have acted simply upon their individual capacity, an unwarranted interference with the domestic affairs of a State to which they do not belong, a flagrant violation of the principle of local self-government advocated by the President. If, on the other hand, their action in the manner set forth has been directed by the Chief Executive of the nation, we leave it to be characterized in befitting terms by the American people.

Address by Colored Ladies.

NEW ORLEANS, April 20.—A committee of colored ladies, most y wives of prominent colored citizens, presented Gov. Packard an address commending his efforts in the maintenance of republican government in Louisiana, assuring him of sympathy, and through him tender to the legislature who stood by him every aid and encouragement in their power to bestow; tender to the needy board and lodging, and to the sick every attention possible. Among the signers of the address are Mrs. Gov. Antoine, Mrs. Senator Buck, Mrs. James Lewis and Mrs. Gov. Brown.

Still Going Over.

Several additional members from the St. Louis hotel were in the Nicholls legislature to-day, giving them 65 returning board members in the House and 22 in the Senate.

The Commission Acting on their own Motion.

WASHINGTON, April 20.—Gov. Kellogg to-day received the following telegram from New Orleans: "Please inquire of President Hayes if it is by his direction that the commissioners recommend members of Packard's legislature to join Nicholls. Two of our trusted men left to-day under such permission." Kellogg replied, "If it be true that the commissioners are so doing, I am satisfied they are acting on their own motion, and without instructions from the President."

Attempt to Kidnap Packard.

NEW ORLEANS, April 20.—The report comes from the State House that Gov. Packard's carriage was stopped to-night at the corner of Rampart and Esplanade streets, where he resides, by ten or twelve armed men, who, finding the only occupant an elderly person, an attache of Gov. Packard bearing a letter to Mrs. Packard stating that her husband would not be home to-night, left him without further molestation. Packard's friends state that he had been forewarned that an attempt would be made to kidnap him, should he attempt to stop at his house, as he has lately done. So he sent his cab ahead to see if there was any foundation in the warning given.

The Caucus—Gen. McMillan's Views—Turbulent Scenes.

NEW ORLEANS, April 20.—The commission evidently feel that their mission here has ended, and they have in all probability so reported to the President. In joint caucus of the Senate and House of the Packard legislature to-day, Gen. McMillan is reported as saying that he saw no reason for changing the views expressed by him yesterday, but on the contrary evidence multiplied every hour to strengthen the conviction that the adherents of the Packard government were engaged in a hopeless contest. He declared it was useless and unjust to indulge in invectives against President Hayes as he was not the author nor in any way responsible for the embarrassments under which their government was laboring. The cause occurred on the 9th day of January, and if the aid of the general government was improperly withheld, the blame should rest upon President Grant, not upon President Hayes. The underlying causes of his defeat, however, are general rather than local, and more potent than anything relating to Louisiana alone. The peace and welfare of the country demands a complete and final settlement of all questions growing out of the disturbed and disputed government in this State. The establishment and maintenance of one government could only be accomplished by force which cannot be obtained. Of this he had had ample assurances from those who have authority to speak. In his opinion it was the duty of representatives of the people remaining in this assembly to look the inevitable squarely in the face and save as much as possible from disaster, and overthrow not only for the political party to which they belong, but for the constituencies they represent. To this end he again advised the adjustment by Republican members as a body with the opposing and successful party, and the acceptance of the most favorable terms which could be obtained.

During his speech he was interrupted by violent demonstrations of passion, and the intolerance manifested was denounced by him as unworthy men claiming to be Republicans. Soon after he closed Senator Young stated to the caucus that he was restrained in the exercise of his personal liberty, as he had been prevented leaving the building by a body of men who held possession of the staircase leading to the main entrance. The scenes in the caucus are described as wild and violent.

Gov. Packard, it is stated, addressed the caucus, expressing his determination to continue the contest to the end.

The statement of Young in the Packard legislative caucus to-day that he had been deprived of his personal liberty, might be said by many of those present. The guard fearing desertion, it is stated, mutinied for a time and refused to allow any of those suspected of an intention to leave the building. This condition of things continued for an hour or two, when order was restored. Many members of the caucus were very violent, many members...

insisting upon speaking at the same time, several of whom were standing up on their chairs or on top of desks, yelling vociferously.

The Louisiana Question in the Cabinet.

WASHINGTON, April 20.—All members of the cabinet were at the meeting to-day. The President laid before them telegraphic communications from the Louisiana commission, and much satisfaction was expressed with them, the tenor of which indicates an early adjustment of the political difficulty.

Order Withdrawing the Troops from New Orleans Agreed Upon.

WASHINGTON, April 20.—It is stated upon undisputable authority that it was determined at the cabinet session to-day that an order be issued to withdraw the troops from the city of New Orleans to their barracks. The time when the order will be issued is not made public, but its promulgation may be looked for soon.

What the Commission has Done.

WASHINGTON, April 20.—It is asserted on good authority that the work of the Louisiana commission was more successful than anticipated in official quarters, therefore it cannot be said that the President withdraws the troops because of a failure of the commission's work, but on the contrary, the determination to-day to issue the order for that purpose was owing to the satisfactory result of their labors. Last night they telegraphed the President that after a careful examination of the condition of political affairs, they came to the conclusion that the time had arrived when the troops could safely be withdrawn.

A Move on Packard.

WASHINGTON, April 20.—The cabinet adjourned at 2:40. A report is current that the order for the removal of the troops from New Orleans will be issued to-day.

Virtually Settled.

NEW YORK, April 20.—The *Graphic's* Washington special says: Official advices received at the Executive Mansion from the Louisiana commission announce the settlement of the Louisiana controversy. The commission are expected to return immediately. The President and Secretaries Evarts and Sherman say they consider the contest virtually settled. Two more members of Packard's legislature went over to Nicholls to-day—McMillan from the House, and Young from the Senate.

Nicholls Triumphant and Troops Ordered from New Orleans.

WASHINGTON, April 20.—The President this afternoon addressed a letter to Secretary McCrary:

EXECUTIVE MANSION, April 20.

Sir: Prior to my entering upon the duties of the Presidency, there had been stationed, by order of my predecessor, in the immediate vicinity of the building used as a State House in New Orleans, La., known as Mechanics' Institute, a detachment of U. S. infantry. Finding them in that place, I have thought proper to delay a decision of the question of their removal until I could determine whether the condition of affairs is now such as to justify or require continued military intervention of the national government in the affairs of the State. In my opinion there does not exist in Louisiana such domestic violence as is contemplated by the constitution as a ground upon which the military power of the national government may be invoked for the defense of the State. The disputes which exist as to the right of certain claimants to the chief executive office of that State are to be settled and determined, not by the executive of the United States, but by such orderly and peaceable methods as may be provided by the constitution and laws of the State. Having assurance that no resort to violence is contemplated, but on the contrary the disputes in question are to be settled by peaceable methods under and in accordance with the laws, I deem it proper to take action in accordance with the principles announced, when I entered upon the duties of the Presidency. You are therefore directed to see that proper orders are issued for the removal of said troops at an early date from their present position, to such regular barracks in the vicinity as may be selected for their occupation.

R. B. HAYES.

To HON. G. W. MCCRARY, Secretary of War.

The Secretary of War after adjournment of the Cabinet, addressed the following to Gen. Sherman:

WAR DEPARTMENT,
WASHINGTON, D. C., April 20.

To GEN. W. T. SHERMAN, Commanding U. S. Army—*General:* I have the honor to enclose herewith a copy of a communication from the President of the United States, in which he directs that the detachment of U. S. troops now stationed in the vicinity of the Mechanics' Institute in the City of New Orleans, be withdrawn to such convenient barracks as may be selected for their occupation. You are hereby charged with the execution of this order and will cause the withdrawal to take place on Tuesday next, the 24th April, at 12 o'clock, meridian. Very respectfully, your obedient servant, GEO. W. MCCRARY, Secretary of War.

Gen. Sherman having left his office early this afternoon, did not become acquainted with the action of the cabinet until evening. The letter of the Secretary of War, above mentioned, will be telegraphed to Lieut. Gen. Sheridan, commanding the military division of Missouri, who will give the necessary order for the removal of the troops to Gen. Augur.

Prominent Lawyer Dead.

JACKSONVILLE, Fla., April 20.—Judge R. C. Emmons, prominent lawyer and politician, is dead.

Question of Veracity.

NEW ORLEANS, April 20.—The commission upon having its attention called to the statements in the resolution last night, as passed by the Packard caucus, declare that the interview with the commission therein referred to, was suggested by members of the caucus; that the conversation was informal and unofficial, and that the only questions upon which all the members of the commission present entirely agreed, was as to the certainty that the President wouldn't use the infantry of the United States to decide the contest in this State or as permanent police for Packard.

Winding up Their Labors.

There was nothing of general interest before the commission, at least nothing transpired. Telegrams have passed between the White House and the commission, but their contents are not made public. Gen. Hawley stated to-night that the commission would leave for Washington to-morrow evening, unless further advices were received.

Packard's Supporters Still Deserting Him.

It is reasonably asserted that eight or ten members from Packard's House will be added to the Nicholls legislature to-morrow, including ex-Gov. Warmoth. Interviews this evening with several of Packard's adherents indicate the rapid dissolution of the St. Louis hotel organization, legislative and military.

What Troops are Meant.

The President's order for the removal of the troops, was the subject of general conversation to-night. The order mentions the removal of troops from the Mechanics' Institute which is eight squares from the St. Louis where the Packard forces hold out. Troops are also stationed in the Orleans hotel adjacent to the St. Louis hotel, and in the passage way connecting the two buildings. The impression is, however, that no importance attaches to the mention of Mechanics' Institute, but that all the troops in the city are to be removed to their quarters at the barracks.

The Nicholls Republicans.

Republicans of the Nicholls legislature will have a caucus to-morrow on the Senatorial question. The Liberals are for Gov. Penn for long term Senator.

Deserter from Packard.

NEW ORLEANS, April 20.—In Nicholls' legislature Gen. MacMillan, of Caroll, presented himself at the speaker's desk and was sworn in and addressed the house.

The N. O. Press on the Commission's Work.

NEW ORLEANS, April 20.—The *Picayune*, referring to the commission, says: The labors of the members of the commission are virtually at end. The result of their mission is a subject of congratulation to them and to the public. We congratulate these gentlemen, as well as the President and the people of Louisiana upon the successful termination of their difficult mission. Although the result is that which we had a right to expect, the public appreciate the fact that it has been reached after a fair, patient and non-partisan investigation of the case. The members of the commission will carry away with them the hearty good will and high respect of the people of Louisiana.

The *Democrat* says: The gratification on the part of the gentlemen of the commission, when they are able to announce the end of their labors, can be appreciated by those who have witnessed their close application since their visit here. The members of the commission feel that, in a great measure, their labors are ended and drawing up of the final report is all that is left.

A SENSATION BEING WORKED UP.

Blaine Proposes to Open Up the Presidential Question.

SAN FRANCISCO, April 20.—The *Argonaut*, Frank Pixley's new weekly, will publish the following to-morrow:

We understand, from a source which we believe to be thoroughly reliable, that there is now in the possession of a Senator of the United States at present in this city a paper of the utmost political importance to the country, and one which, if all that is said about it be true, will create such a sensation as the country has not known since the days of the electoral tribunal. The paper is nothing more nor less than a copy of a set of resolutions which it is the purpose of James G. Blaine to introduce in the Senate at the meeting of Congress in June. The resolutions, after setting forth that there exist grave doubts in the minds of a large proportion of the American people as to the legality of the final settlement of the Presidential question which resulted in the inauguration of Mr. Hayes, go on to say that it is due to the American people, and particularly to the millions who, believing that Mr. Hayes had been fairly defeated, yet accepted the decision in his favor in good faith, to submit the question to the final arbitrament of the highest tribunal known to the constitution, the Supreme Court of the United States; that inasmuch as the propriety of such proceedings may be held to be matter of doubt, because of the fact that five members of that court were members of the late electoral tribunal, therefore the resolutions propose that a grand court of arbitration created especially to consider all questions that may be brought before it relating to the legality of Mr. Hayes' tenure, whether in the nature of *quo warranto* or otherwise, and that said court be composed of the Chief Justice of the Supreme Court of each State in the Union—38 judges in all. That portion of the resolutions which proposes this court takes the form of a bill, to which is added a provision that any person other than the defeated candidate may bring an action to dispossess the present incumbent.

More Crime at Chico.

CHICO, April 20.—News came into town this morning that a large barn on Daine's ranch, five miles north of Chico, was burned to the ground this morning about 2 o'clock. The barn stood about one hundred and fifty yards from the dwelling house and contained some thirteen head of fine horses, threshing machines, wagons and a full complement of farming implements, hay, grain, harness, etc. The general impression is that it was the work of an incendiary, as no fire had been used near the barn by anybody on the ranch. The track of a man's boot has been discovered through the plowed field adjoining to the road. Scouts are on the lookout for the fiend. This is the same ranch on which severa. fires were discovered last summer by the use of phosphorus by designing persons. Considerable excitement prevails over the affair. The loss is estimated at $10,000, and there is an insurance on the barn, the stock of implements, etc., of $5,000 in California Farmer's Mutual.

A dispatch received this morning says the residence of W. E. Mitchell, four miles above Princeton, with its contents, was burned yesterday afternoon about 2 o'clock. The family were all saved. Mr. Mitchell was in Chico at the time, and says his loss will be about $3,000; insured for $1,500.

Owyhee *Avalanche:* Some 38 tons of rock from the Northern Light mine, near town, were crushed a few days ago and the crushing averaged nearly $260 to the ton. This yields a net profit to Mr. Douglass, the owner of the mine, (after deducting the expenses incident to the extraction of the rock; milling, hauling and assaying) of $5,000 and upwards, quite a snug little sum, considering that the time consumed in taking out the ore was only about six weeks. The value of the bullion was about $7,230.

RUSSIA DECLARES WAR!

The Treaty of 1856.

LONDON, April 20.—In the House of Lords last night Lord Roseberry desired to know what were the views of Lord Derby in respect to the tripartite treaty of April 1856, and how far it was to be considered obligatory on this country. It guaranteed the independence and integrity of the Ottoman empire, and if this treaty was disregarded, it appeared to him a vital blow would be struck at the maintenance of all treaties. Was it intended to take any steps to free ourselves from the obligations of that treaty, since it would be impossible for the government in defiance of public opinion to send a single soldier to defend a country so degenerate as Turkey. Lord Houghton thought under the circumstances the government would be justified in refusing to make any specific declaration as to how far the treaty of '56 was now binding. Baron Wavery hoped some conclusion might yet be arrived at which would hold out to Europe the expectations that peace might be preserved, but should war break out he maintained it was the duty of this country to be in a position to defend the peaceful commerce of the world. Lord Derby said there wasn't the slightest intention on the part of France or Austria to call on England to fulfill her treaty obligations; therefore the government had not thought it right to take any steps to relieve themselves from its obligations. In reply to the statement that peace might not yet be disturbed, Lord Derby said he did not like to respond, and the House might feel sure that the government saw any hope that diplomatic intervention could yet be successful in averting the impending war, no effort would be left untried, but he was bound to say, from all he heard, he was not justified in indulging in the expectation that we should be able to avoid that European calamity, but he repeated what he had said in May last, that in case of war the Porte must not rely on material support from England.

English Ambassador Coming Home.

LONDON, April 20.—A *Standard's* dispatch from St. Petersburg announces that Lord Loftus, English ambassador, is on the point of leaving for home. This indicates no change in the satisfactory relations existing between England and Russia.

The Parley not Ended.

The *News* correspondent at Vienna states negotiations are still going on, with a view to a separate understanding between the Porte and Russia.

Movements of the Russian Emperor.

One cable account says the Porte will send a special envoy to the Czar at Kischeneff. The Czar will leave the army at the Pruth. Grand Duke Nicholas goes with it to the Danube.

Faint Hope of Peace.

A Vienna correspondent reports that a faint hope of peace is still raised by efforts of the powers to induce the Sultan to send delegates to meet the Czar at Kischeneff, to treat of the question of disarmament. Possibly this is the reason that the Czar decided not to issue a proclamation before he returns to St. Petersburg. This will leave ten or twelve days for diplomatic action.

No Further Negotiations Possible.

LONDON, April 20.—The *Times'* Vienna correspondent says the suppositions about further negotiation on the part of the powers have no positive tangible foundation, nor have I any information that steps will be taken in the direction of concession to Russia during the Emperor's visit at Kischeneff.

Russia, Austria and England.

The *Times'* dispatch from Berlin reports that Russia has caused to be understood that she does not object to the occupation of Bosnia by Austria and of Constantinople by England, if the Russians are obliged to cross the Danube. The reception to these overtures, however, have been far from favorable. It is certain the Austria will enter into no premature arrangement. If Russian operations should be delayed or produce no tangible result, Austria will not act at all.

PARIS, April 20.—The Russian telegraphic agency reports that the declaration of war is imminent. There will be no ultimatum, but simply a declaration of war.

Nelidoff, Russian charge d'affairs at Constantinople, breaks off diplomatic relations with Turkey on Thursday.

The Russian Declaration of War.

LONDON, April 20.—A Vienna correspondent telegraphs: I am informed from Bucharest that Prince Charles received a copy of the Russian manifesto, which contains the following declaration:

Whereas every endeavor by the Emperor of Russia to preserve peace has failed owing to the stubbornness of the Porte, while the condition of the Christians in the East is unimproved, their lives and property have been endangered; therefore His Majesty in the name of humanity and with a full consciousness of his sovereign duties as natural protector of the Sclavonic nations in the East has been compelled to resolve on obtaining by force of arms such guarantees for his distressed fellow believers on Turkish soil, as appears absolutely necessary for securing their future welfare.

The document proceeds to state that this armed intervention is not meant for the purpose of conquest, and will end after securing the above-mentioned results.

A later dispatch from Constantinople, confirming the above in effect, adds that the manifesto also declares that Russia intends to occupy Bulgaria and hold the province as a material guarantee for the executions of the reforms; that she will invite other European powers to take part in the occupation and, finally that she disclaims any intention to acquire territory permanently.

DECISION IN THE U. S. CIRCUIT COURT BY JUDGE DEADY.

U. S. Circuit Court—District of Oregon.

THURSDAY, APRIL 19, 1877.

Thomas Collinson v. Joseph Teal and Bernard Goldsmith—In Equity.

(1) RESIDENCE. A person temporarily residing or sojourning at Honolulu, as United States Commissioner to the Hawaiian government, is a non-resident of the State within the meaning of subdivision 3 of § 56 of the code of 1864, authorizing the service of summons by publication in certain cases where the defendant is not a resident of the Territory.

DEADY, J.

This suit is brought by the complainant as a citizen of the State of California against the defendants, as citizens of the State of Oregon, to have the latter declared to be the trustees of the plaintiff for the south half of lot 7 in block 2 in the town of Portland, and to execute a deed of release to him for the same.

The bill alleges that on November 15, 1850, T. J. Dryer being "the owner of and in possession of" the premises in controversy, mortgaged the same to R. McFeely to secure the payment of a note given by said Dryer to said McFeely for the sum of $1,300 with interest at the rate of three per centum per month; that on June 8, 1856, said McFeely commenced a suit in the Circuit Court for Multnomah county against said Dryer, to foreclose said mortgage, at which time the said Dryer was "sojourning at Honolulu in the Hawaiian Kingdom only and solely for the purpose of discharging the duties of his office of U. S. Commissioner to that government, but had not then lost or abandoned his residence in the State of Oregon," which fact "was well known to said McFeely and his attorneys;" that an attempt was made to serve a summons in said suit upon said Dryer by publication notwithstanding his said residence in Oregon but that said Dryer was not "served with process or summons in person or by publication ... said Circuit Court could or did obtain jurisdiction" of the defendant or subject matter of said suit, nor did the said Dryer enter his appearance therein; that on November 16, ..., said Circuit ... gave a decree without ... the "premises" against said Dryer for the sum of $1,955 87, and for the sale of said mortgaged premises, in pursuance of which the same were sold on January 22, 1858, to John Green, who afterwards conveyed to C. Leonard, who on March ..., 1858, ... claimed to the defendants, who ... the premises thereunder, ... and ... on November ..., 1874, said Dryer conveyed the premises to complainant ...

A copy of the ... is annexed to the bill ... from which it appears that Dryer was ... served with process by ... and by mail, as the law ...

[illegible]

Under the Code of 1854, § 30, which was in force until May 1, 1863, ... was provided that service of the summons might be made upon a defendant by publication, among others, in the following case:—

"When the defendant is not a resident of the territory but has property therein, and the action arises on contract and the court has jurisdiction of the subject of the action."

The suit of McFeely v. Dryer arose upon a contract, and the subject of it was within the jurisdiction of the court. If then, Dryer was a non-resident of the State at the time of the publication, within the meaning of the act, the court acquired jurisdiction. Literally, a resident is one who resides, abides, inhabits or dwells in a certain place. A person sojourning—which is only a synonym for residing—at Honolulu, is *prima facie* residing there, and cannot be a resident of Oregon at the same time. The word is of a narrower signification than domicil, and like the word *inhabitant* implies a bodily presence. Considered with reference to the purpose of the statute—the mischief to be remedied—its meaning is the same. It was enacted to give this class of creditors, whose debtors were absent from the State and could not therefore be personally served with process within it, a means of enforcing their securities and so far collecting their debts.

In Roosevelt v. Kellogg, 20 John. 210, the court held that an averment in a plea of discharge under the insolvent act, that the insolvent was a *resident* of the county in which the application for the discharge was made, was equivalent to stating that he was an *inhabitant* of such place, saying—"These words signify the same thing; a person resident is defined to be one 'dwelling or having his abode in any place'; an inhabitant, 'one that resides in a place'."

In the matter of Thompson, 1 Wend. 44, it was held that under the act allowing an attachment against the property of a debtor who *resides* out of the State, that an attachment might issue against the estate of a debtor who was resident abroad permanently or temporarily, the court saying—"The object of the statute was to authorize creditors to prosecute their debts when their debtors were abroad; and whether their absence from the State is permanent or temporary, whether it is voluntary or involuntary, the reason for giving this remedy to the creditor is the same."

In Frost v. Brisbin, 19 Wend. 12, it was held that a person who had a domicil within the State but carried on a business without the same which he superintended personally was liable to arrest on civil process as a non-resident. In Haggart v. Morgan, 5 N. Y. 428—a case arising under the attachment law—it was held that a person may be a non-resident of the State within the meaning of the statute allowing an attachment against the property of non-resident debtors, though his domicil is within the State; and, that actual non-residence, without regard to the domicil of the debtor, is what is contemplated by the statute. See also upon the subject of residence, In the matter of Wrigley, 4 Wend. 602; 8 C., 8 Wend. 134.

A NECESSARY CHANGE.

The Packard government surely totters to its fall. Its disintegration steadily proceeds, and the ground lost is plainly irrecoverable. According to the statements of Packard's friends, the principal business of Hayes' commission has been to induce the Packard legislature to break up and go over to Nicholls; a proceeding which will, if fully successful, settle the whole matter quickly. It need not be doubted that this is the method of solution desired by the administration. The simplicity and effectiveness of the plan are apparent. Such a mode of settlement would relieve the administration of all embarrassment. And it is about the only mode that will do it. Although the President is censured by many Republicans, he really has no choice of action. He is driven on in his present course by a logic of necessity. A BRUTAL AFFAIR.

From the Oregon City *Enterprise* we obtain the following particulars of a brutal affair which occurred a few days ago near Graham's Ferry, about ten miles above the falls on the ... side of the river in Clackamas county:

... a Mr. Buchanan, a resident of Marion ... administered a terrible beating to R. V. Short, a well known and highly respected citizen of this county. It seems that at the last session of ... court, in a land case, the question of Buchanan's reputation for truthfulness was brought up, and Mr. Short testified that in the case ... Mr. B. had made a false statement. This ... on Buchanan's mind, and last week he ... the opportunity to "get even," as he thought, ... others think he got a little more than ... From what we can learn of the affair the ... about as follows: Mr. Short who resides ... the southern part of the county, near the Marion ... was on his way to Butteville, and ... by Buchanan's farm he was hailed ... said he wanted to see him. Mr. ... who immediately com... with his fists. Short be-ing a small man and his antagonist a six footer, he thought discretion the better part of valor, and took to his heels. He was soon headed off by Buchanan, who knocked him down and beat him till he was insensible. When he revived, Buchanan washed his wounds and carried him to his house, but failing to stop the flow of blood he became frightened and conveyed the almost dead body to his (Short's) place. He left it near the house, after calling out some of the family, but took good care to make tracks before they arrived where he had left the victim of his rage. The wounded man was conveyed to the house and medical assistance sent for at once. Mr. Short has been in a very precarious condition ever since, but the chances are favorable for his recovery. Mr. L. T. Barin, who visited Mr. Short last Friday, reports that Short is the worst used up man he has seen for many a day; most of the bones in his face being broken, and the body almost a solid mass of bruises. The preliminary examination which was to have taken place last Saturday, was postponed on account of the critical condition of Mr. Short.

The President says it will be useless for any more Ohio people to apply for consulships. That is right; the adult male population of the State having been pretty well thinned out, the boys should have a chance to grow up.

The funeral was largely attended, being under the immediate supervision of the Masonic lodge of which deceased was an exemplary member. The pall bearers were Henry Hoyt, John Barlow, J. B. Congle, W. H. Harris, A. Roberts and T. McF. Patton. The services at the residence were conducted by Rev. G. H. Atkinson and Rev. W. H. Roberts. NARROW ESCAPE.—Mr. Patterson, who works in Capt. John Harlow's box factory, informs us that the watchman of Weidler's mill, on going on watch at a quarter to 6, discovered fire smoldering under the furnace. The men being all there, holes were cut through the heavy timbers, and by the use of some hose the fire was soon extinguished.

O. S. N. CO. BOATS.—On and after Monday the steamers *Welcome* and *Bonita* will run daily to Clifton and Brookfield, carrying passengers and freight to and from those points, including way business. This arrangement is intended to relieve the through Astoria boats during the busy season which has just begun. Note the advertisement.

DELEGATES.—At the last meeting of Minerva Lodge No. 19, I. O. O. F., Messrs. P. Von Wintzingerode, M. Koshland and D. Metzger were elected representatives to the R. W. Grand Lodge, which meets on the 15th of May next in this city.

LETTER LIST.—The following letters remain uncalled for at Wells, Fargo & Co.'s express office: Church, Mrs. R., Dooley, Thomas S., Lasher, D. L., Liebes, A., Moore, Geo., Rollins, Dr. C. R., Spence, S. J., Simon, C. J., Stearns, John, Tilden, T. F.

COURSE OF LECTURES.

Dr. Paul M. Brenan, the celebrated physician, surgeon, author and lecturer, of whom our Puget Sound correspondent has spoken in his letters from Seattle and Olympia in commendable terms, is to deliver his course of five popular discourses on "The Philosophy of Life," in our city, at Masonic Hall, commencing Tuesday evening, May 1st, at 8 o'clock. First lecture free; sub ect, "The Throne of the Mind." Wednesday evening, May 2d, "The Path of Life: How to Live and What to Live For." Thursday, May 3d, "Love, Courtship and Marriage." On Friday afternoon at 2 o'clock he lectures to *ladies only* on "The Health, Beauty and Happiness of Women." This has been so well received by the ladies wherever the doctor has been that, at their request, he has continued the subject on the following day. Friday evening the lecture is to *gentlemen only* on "Manhood—Man as he is, and Man as he may become." This lecture has also been so highly satisfactory that, by request, he has at every place continued the subject. The San Francisco and Puget Sound papers speak in the highest praise of his skill as a physician and surgeon, and his wonderful oratorical powers. The doctor has lectured extensively and with great success on these and kindred subjects, and his discourses have been received with much favor. The lectures have to be heard to be fully enjoyed. As our chief of police has said, if the people would take the advice of such lecturers his occupation would be gone. See his advertisement in to-day's issue.

PACKAGE LOST.

Mr. E. T. Ewings, our efficient agent at Vancouver, and also postmaster, writes as follows from that point yesterday:

All the OREGONIANS, both daily and weekly, were lost overboard off the boat this morning. They did not stop for them, and when the carrier went after them they could not be found. Sank, I suppose, so please send them this evening. Ernst Hauck wants his sent also.

We were able to send the weekly papers, as requested, but the demand for the daily was so great yesterday morning that the entire edition was exhausted before it was ascertained that the Vancouver package had been lost. We hope our readers in Vancouver will be satisfied with this explanation. It was beyond our power to replace the lost papers.

BUSINESS NOTICES.

For the last week many buyers have taken advantage of the low prices that first-class clothing has been sold for at the clothing house of Fishel & Roberts. Their purchase of immense stock of fine clothing at 60 cents on the dollar is a benefit to their customers and the public in general, as they are retailing fine suits, pants, &c., at less price than they can be manufactured for, thus offering everybody a good opportunity of purchasing first-class goods at a low figure. They have just received some new novelties in spring hats. Give them a call to-day, and remember their store now is corner Alder and First street, one block south of their former location.

MILITARY NOTES.

A general court martial will convene at Camp Harney, Oregon, Thursday, May 3, 1877. The following detail for the court: Captain J. H. Bartholf, assistant surgeon; Captain Charles Bendire, 1st Cavalry; First Lieutenant E. R. Rheem, 21st Infantry; First Lieutenant Geo. Y. Bacon, 1st Cavalry; Second Lieutenant Charles H. Bomsteel, 2d Infantry: Captain G. W. Downey, judge advocate of the court.

SUICIDE.

TO THE EDITOR OF THE OREGONIAN:

The alarming frequency of self-murder seems to call for public and general exposure of the crime and cautions against it. In compliance with several requests, I propose to discuss the subject in a lecture, to-morrow evening, in the church, corner of Washington and Third streets.

AMUSEMENTS.

PROF. TAYLOR.—Monday evening, 23d inst., Prof. Taylor, the noted magician, author, delineator and interpreter of refined illusions, assisted by the accomplished artiste M'lle La Grand, will give a performance at Oro Fino theater. During the evening M'lle La Grand will appear in the wonderful aerial suspension and second sight; also Taylor's Royal Marionette Troupe. At the conclusion of the entertainment, 100 useful and valuable presents will be given away.

MRS. DUNIWAY'S LECTURES.—Mrs. A. J. Duniway delivered a lecture last evening at Oro Fino Theater. The subject chosen by the lecturer was "Constitutional Liberty." Her effort was worthy of the reputation of the lady, the subject and the occasion. We regret to observe such a meagre attendance. Mrs. Duniway handled the subject in all its bearings in a manner evincing a thorough insight into the questions under discussion. Throughout the lecture was clear, incisive and logical. The lady has evidently bestowed great care, labor and not a little research on the subject, and presented the constitutional regrets of her sex to enjoy all the immunities, and privileges of American citizenship in clear and forcible style. This afternoon, at 2 o'clock, Mrs. Duniway will lecture on the subject of "Our Boys and Girls." Admission 10 cents. The third and last lecture of the series will be delivered this evening. Subject: "The Mothers of Our Boys and Girls as Aliens in their own Country."

THE QUEEN OF SONG.—Madame Ilma de Murska, the "Phenomenal Hungarian Nightingale," is a passenger on the incoming steamer, which will arrive here some time to-night or to-morrow morning. Her company consists of the following artists: Mr. Theodore Habelmann, tenor; Miss Louisa Beckman, contralto; Mr. J. T. Hill, violinist, pianist and accompanist; Signor Lorenzo Formilli, baritone, and Mr. F. Lafontaine, buffo. Their *repertoire* includes the following sterling operas: Martha, Lucia, Il Trovatore, Dinorah, Faustus, Magic Flute, Rober, le Diable, Barbiere, Elixir d'Amore, Crispino e la Comare, Rigoletto, Hamlet. The grand operatic season will commence at New Market theater, Tuesday, April 24. This will be the first appearance in this city of one of the greatest lyrics artistes of the present age, and the rush for seats will no doubt be great. In another column will be found the full programme on the occasion of the first opera. Secure your seats early, at Gray's music store.

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, etc. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample bottles 10 cents; regular size 75 cents. Sold by your Druggist. Agents, Crane & Brigham, Wholesale Druggists, San Francisco.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. SANFORD'S

RADICAL CURE

For CATARRH,

Is Universally Recommended.

We have just received a communication from nearly every druggist in New England and the West, and the testimony is universally in favor of SANFORD'S RADICAL CURE FOR CATARRH. We believe there never was a remedy so popular wherever known, and certainly we feel that never was one more deserving of praise. Founded upon correct scientific principles, and calculated by the most accomplished physicans to meet the severest forms of Catarrh, the cures made by it have not only been numerous, but so remarkable as to excite public attention and cause the sale to exceed tenfold that of any similar remedy ever before compounded.

While many are anxious to make public their testimony in favor of the RADICAL CURE, others—and among this number may be found many of our most respected citizens—dislike to become publicly identified with so loathsome a disease. Hence in the following case we are unable to give the name, but are permitted to refer those who may call upon us personally to him, and to state the severity and condition of the case before and after using the RADICAL CURE, and also that the gentleman occupies a responsible office in one of our State institutions. We quote:

"I would not for the world permit my name to be used, although I have no doubt it would be of benefit to many now suffering as I have suffered; but I give you a brief statement of my case:

"**For two years I have taken bromide of potassa and bromide of ammonia every day. I never passed a single night without getting up once or twice to free my throat from the matter that had dropped into it during sleep, and finally I coughed during all the time. Since taking the RADICAL CURE I have taken no potassa or ammonia, have slept soundly every night without uneasiness or distress; not a particle of matter has dropped into my throat during sleep, and every symptom of cough has left me.**"

A wonderful result truly, all will say who know or can realize the extent and severity of this case. The gentleman has had eighteen bottles. This must satisfy the most sceptical that there is great merit in the RADICAL CURE. Its mode of preparation is new and original. Ignoring the old practices and remedies, Dr. Sanford selected a new field, and has demonstrated his method to be the only proper and never failing treatment.

The following recommendations are from

DRUGGISTS,

Who are competent witnesses to the worth it is daily doing.

Sanford's Radical Cure has proved the best remedy for relieving Catarrh. W. M. FELLOWS, Haverhill, Mass.

I am selling large quantities of your Sanford's Radical Cure. DR. WENTWORTH, Biddeford, Me.

Sanford's Radical Cure is having a good sale. It is just what the people have been wanting. A. M. GERRY, So. Paris, Me.

I have kept Sanford's Radical Cure on hand since its first introduction, and the sale and satisfaction in its use have been unequalled by any other similar preparation within my knowledge. W. I. WILSON, M.D., Reading, Mass.

I have sold Sanford's Radical Cure for a year or more, and it stands the test the best of any similar remedy I have ever sold. WILL H. OWEN, Milo, Me.

We recommend no other cure, and have no trouble in selling it. L. F. EVANS & CO., Garland, Me.

Sanford's Radical Cure has given universal satisfaction to all my customers, and, above all other remedies, is a success. E. F. CAREY, Haverhill, Mass.

Sanford's Radical Cure sells well, and is very much liked. MRS. S. P. WING, Sangerville, Me.

Each package contains Dr. Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price $1 00. For sale by all wholesale and retail druggists throughout the United States. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston.
